

ENVIRONMENTAL POLICY STATEMENT

Southern Cranes and Access Ltd is committed to the protection and enhancement of the environment by:

- Undertaking process and production operations in a manner, which will minimise any risk to the environment in so far as is reasonably practical.
- Adhering to all legislative & regulatory requirements.
- Seeking to conserve natural resources through the responsible use of energy and materials.
- Continuous improvements in environmental performance with an emphasis on pollution prevention.
- Training and developing employees to conduct their work in a manner, which will achieve the company's policy and objectives.
- Communicating the policy to all interested parties and making it publicly available.

The Environmental Policy will be achieved through the implementation and maintenance of an Environmental Management System (EMS).
