

QUALITY STATEMENT

STATEMENT OF POLICY AND AUTHORITY

One of Southern Cranes and Access Ltd major business objectives is the economical provision to its customers, of a quality service, that meets in full the contract requirements. A cost effective quality system is the means adopted to ensure that quality standards are met, and objective evidence made available to substantiate that achievement.

The purpose of the Quality Manual Part 1 – Policies is to describe the organisation and quality policies which are the foundation of the companies system, which is designed to accord with the requirements of the BS EN ISO 9002:- 2008.

The company has full commitment to the principles of Quality Assurance and recognises the necessity for the involvement and co-operation of all personnel on achieving quality in its services, preventing non-conformances and in striving for culture within the company of continual improvement.

It is mandatory that the policies, systems and procedures outlined in this section of the manual and more fully described in the Quality Manual Part 2 – Procedures are recognised and adhered to by all personnel of Southern Cranes and Access Ltd.

The Quality Manager has full authority and responsibility for the Quality System described in Parts 1 & 2 of this manual and for initiating and co-ordinating any action required to correct nonconformance and to represent the company in the quality matters both inside and outside the company.

Amendments to the Quality Manual may be made only with the approval of the Quality Manager.
