

Environmental Policy Statement

Southern Cranes and Access Limited is an environmentally conscious Company and as such we acknowledge the potential impact that our operations may have on the environment.

Top management endorses this policy and ensures it is compatible with the context and strategic direction of the Company. Top management in co-ordination with the Environmental Management Representative are accountable for the effectiveness of the environmental management system.

Southern Cranes and Access Limited is committed to ensuring that the Company:

- Adhering to all legislative & regulatory requirements
- Ensuring the Environmental Management System remains appropriate to the nature, scale and environmental impacts of its activities products and services.
- Seeking to conserve natural resources through the responsible use of energy and materials.
- Maintains our registration to the environment management standard ISO 14001: 2015.
- Strives to integrate the EMS into all business processes.
- Continuous improvements in environmental performance with an emphasis on pollution prevention and sustainability.
- Minimises waste to landfill by reducing our waste generation and by segregating and recycling waste where economically and operationally feasible.
- Ensures that the environment is considered in the procurement of goods and services.
- Gives appropriate consideration for the environment in the goods and services we provide to customers.
- Works with local businesses, neighbours, partners or suppliers to encourage commitment and improvement in our local environment.
- Training and developing employees to conduct their work in a manner, which will achieve the company's policy and objectives and ensuring they have the means to achieve this
- Supports other relevant management roles to demonstrate leadership as it applies to their areas of responsibility.

The Environmental Policy will be achieved through the implementation and maintenance of an Environmental Management System (EMS) and will be periodically reviewed to ensure that continual improvement in environmental performance, with the aim to minimise waste, increase recycling and to prevent the pollution of water, land or air by the activities of the company.

Southern Cranes and Access Limited has developed and maintains a Quality Management System that conforms to the requirements of ISO 9001:2015 to ensure that we provide and maintain a consistently high quality of service in all work that is undertaken. This policy will be reviewed annually by top management and where deemed necessary will be amended and re-issued. Previous versions of this policy will be archived and are available upon request.

This policy statement is available to interested parties, upon reasonable request.
