Niftylift HR12

The Nifty Height Rider 12 is one of the most versatile and reliable machines in its class. It is specifically designed to give maximum reach performance from the lightest, most compact base possible.

A telescopic upper boom gives improved accuracy when positioning the platform and superb manoeuvrability makes it an ideal tool for a wide range of applications.

The HR12's Bi-Energy option allows it to work for extended periods inside and outside, making it the perfect all-rounder.

Working range
